## **Sheetfed vs Web**

There is no fixed answer about which type of offset press best suited to a specific print job. Compare printers based on the cost, quality and schedule of you print jobs, not on the machines used for producing them.

### Sheetfed may work best when

- Lower quantity
- Paper weight is over 70lb
- You need showcase printing quality
- Paper is relatively expensive

### Web may work best when

- Higher quantity
- Paper weight is under 50lb
- Paper is relatively inexpensive
- Stock is newsprint
